## Fluke Corporation acquires industrial reliability leader PRUFTECHNIK

*Ismaning, Germany, July 19, 2019* – Fluke Corp., the global leader in test and measurement instruments, has acquired Ismaning, Germany-based PRUFTECHNIK, a market leader in precision laser shaft alignment, condition monitoring, and non-destructive testing.

“Fluke’s acquisition of PRUFTECHNIK reflects the growing importance our customers place on reliability systems to keep their equipment in optimum operating condition,” said Marc Tremblay, president of Fluke Corporation. “This business will help us usher in the next generation of solutions for our industrial customers.”

### About Fluke

Founded in 1948, Fluke Corporation is the world leader in compact, professional electronic test tools and software for measuring and condition monitoring. Fluke customers are technicians, engineers, electricians, maintenance managers, and metrologists who install, troubleshoot, and maintain industrial, electrical, and electronic equipment and calibration processes.

### About PRUFTECHNIK

PRUFTECHNIK is a global maintenance technology supplier with a wide product, service and training range tailored to the needs of the maintenance professionals in the areas of shaft alignment, vibration analysis, condition monitoring and nondestructive testing. Many manufacturing organizations worldwide trust our solutions for the reliability and condition-based maintenance of rotating machinery.
